

Track Record in power cable installation & repair

| | Year | Project | Vessel | Location | Details |
|---|------|-------------------------------------|-----------------------------------|--------------|--|
|  | 2022 | Arcadis Ost 1 | Normand Clipper & Global Symphony | Baltic Sea | Installation and burial of 27 array cables at Parkwind's Arcadis Ost 1 offshore wind farm |
|  | 2021 | Skye-Harris | VOO | North Sea | Replacement of 33 kilovolt (kV) cable between Ardmore, Skye and Beacravik in Harris, including installation and protection |
|  | 2021 | NKT Edvard Grieg | Normand Cutter | North Sea | Cable trenching operations at NKT's Edvard Grieg oil field |
|  | 2021 | DanTysk 2 | Normand Clipper & Normand Cutter | North Sea | Replacement of 20 cables including the design and supply of CPS, pull-in, termination & testing and (de) burial |
|  | 2021 | Neptune Seagull | TBC | North Sea | Post-lay trenching of an umbilical from an existing platform to the new Neptune Seagull Development. Scope includes 17.5km of hybrid trenching with Q1400 and associated pre and post trench surveys |
|  | 2021 | Cable Replacement in Atlantic Ocean | Global Symphony | Rhode Island | Deburial and removal of damaged export cable, and replacement and burial of new 33kV export cable |
|  | 2021 | Kincardine Phase 2 | Global Symphony & VOO | North Sea | Export and five inter array cables installation & burial at floating windfarm site |
|  | 2021 | Kriegers Flak | Global Symphony | Denmark | Boulder clearance, inter array cable installation, burial, testing and termination at the 72 turbine site |
|  | 2020 | Pentland Firth | Global Symphony & Normand Clipper | North Sea | Route survey, planning and installation of replacement 36km, 33kV power cable |
|  | 2020 | North Sea Power Cable Repair | Global Symphony | North Sea | Inter-array cable replacement on a German windfarm |
|  | 2020 | North Sea Power Cable Repair | Global Symphony | North Sea | Inter-array cable replacement on a UK windfarm |

| | | | | | |
|---|------|---------------------------------|-----------------|-----------------|--|
|  | 2019 | Breagh | Global Symphony | UK | Repair and survey of one section of damaged 28mm fibre optic cable |
|  | 2019 | IFA-2 | Global Symphony | UK | Jet trenching of 40km bundled interconnector cable |
|  | 2019 | Shetland Cable | Global Symphony | UK | Replacement of 3 x 33kV submarine cables, shore end pull-ins, matressing and rock bag as part of the framework agreement |
|  | 2018 | North Sea Power Cable | ASV Pioneer | North Sea | Shallow water HVDC power cable repair in the German North Sea |
|  | 2018 | Kincardine | Global Symphony | North Sea | Export cable installation & burial at floating site |
|  | 2018 | Shapinsay - Stronsay | Global Symphony | UK | Replacement 33kV power cable in the Orkney Isles as part of a six year framework agreement |
|  | 2018 | Westray - Rousay | Global Symphony | UK | Replacement 33kV power cable in the Orkney Isles as part of a six year framework agreement |
|  | 2018 | Merkur | Global Symphony | North Sea | Installation of 36 and burial of 17 inter array cables |
|  | 2017 | Isles of Scilly | C.S. Sovereign | UK | Rapid repair work to anchor-damaged interconnector cable |
|  | 2017 | Channel Island Electricity Grid | CS Recorder | UK | Q1000 cable reburial between Guernsey and Jersey |
|  | 2017 | Walney Extension | CS Recorder | UK | Export cable burial utilising the Q1000 |
|  | 2017 | North Sea Wind Farm | C.S. Sovereign | North Sea | Array cable repair including repair joints |
|  | 2017 | Rampion | Global Symphony | English Channel | Installation & burial of 62 33kv array cables in the second phase of the project |
|  | 2017 | Prinses Amaliawindpark | CS Recorder | North Sea | 28km power cable reburial utilising Q1000 |
|  | 2016 | Wikinger | C.S. Sovereign | Baltic Sea | Charter vessel to PPSL for installation of 70 array cables |
|  | 2016 | Rampion | Global Symphony | English Channel | Installation & burial using the Q1400 of 60 33kv array cables totalling 75km |
|  | 2014 | Margarita Island to Chacopata | C.S. Sovereign | Venezuela | Surface lay and PLIB of 2 x 30km power cables |
|  | 2014 | Humber Gateway | Global Symphony | UK | Installation of 8 inter array cables |
|  | 2012 | London Array | VOO | North Sea | Charter to transport & store cable for array operations |
|  | 2012 | Thornton Bank Phase 3 | C.S. Sovereign | North Sea | Installation of 24 inter array cables |
|  | 2012 | Global Tech 1 | C.S. Sovereign | North Sea | Charter vessel to PPSL |
|  | 2012 | Lincs | VOO | North Sea | Surface lay of 8km 132kV western export cable |

| | | | | | |
|---|------|-----------------------|---------------------------------|----------------|--|
|  | 2011 | London Array | VOO | North Sea | Installation & burial of shallow water inter array cables |
|  | 2011 | Thornton Bank | C.S. Sovereign | North Sea | Installation of 25 inter array cables |
|  | 2011 | Gwynt y Môr | VOO | Irish Sea | Installation & burial of 4 export cables |
|  | 2010 | Belwind | C.S. Sovereign | North Sea | Burial of 45 inter array cables |
|  | 2010 | Pulau Ketam | Networker | Malaysia | Installation & burial of 12km 11kV cable |
|  | 2010 | EMEC | C.S. Sovereign | North Sea | Installation of 2 cables at tidal test site |
|  | 2010 | Britned - 3, 4, 5 & 6 | VOO | North Sea | Installation & burial of 1000MW HVDC cables |
|  | 2010 | Gjoa | VOO | Norway | Installation of 99km HVAC cable and 1km dynamic AC cable |
|  | 2009 | Borwin1 | VOO | North Sea | Installation & burial of 150kV HVDC bundled export cable |
|  | 2009 | Britned - 1 & 2 | VOO | North Sea | Installation & burial of 1000MW HVDC cables |
|  | 2009 | Horns Rev 2 - Phase 2 | C.S. Sovereign | North Sea | Installation of 41 inter array cables |
|  | 2009 | Alpha Ventus | C.S. Sovereign | North Sea | Burial of end of export cable at offshore transformer platform |
|  | 2009 | Gunfleet Sands | C.S. Sovereign | North Sea | Post lay burial & survey of export cable |
|  | 2008 | NorNed | Wave Sentinel | North Sea | PLIB operations on the NorNed power cable |
|  | 2008 | Barrow | C.S. Sovereign | Irish Sea | Reduction of cable spans and improvement of burial |
|  | 2008 | Horns Rev 2 - Phase 1 | C.S. Sovereign | North Sea | Installation & burial of 50 inter array cables |
|  | 2008 | Q7 Windpark | C.S. Sovereign | North Sea | Post lay burial & survey of inter array cables |
|  | 2007 | OWEZ | C.S. Sovereign Wave Sentinel | North Sea | Post lay burial & survey of inter array cables |
|  | 2007 | Swecomex | Innovator | Gulf of Mexico | Cable installation & PLIB between gas platforms |
|  | 2007 | NorNed Survey | Wave Sentinel | Norway | Burial survey of 580km HVDC cable |
|  | 2006 | Beatrice | C.S. Sovereign | North Sea | Installation & burial of 2 umbilicals |
|  | 2006 | Estlink | C.S. Sovereign | Baltic | Lay & burial of interconnector between Finland & Estonia |
|  | 2006 | Aniva Bay | Networker | Russia | Installation of TLU power cable utilising Rocksaw & Injector |
|  | 2006 | NorNed | Wave Sentinel | North Sea | Post lay inspection & burial work |
